Appendix to House Doc. B.

ANNUAL REPORT
OF
THE COMPTROLLER

OF THE
TREASURY DEPARTMENT,

FOR THE

Fiscal Year ended 30th September, 1858,

TO THE

GOVERNOR OF MARYLAND.

117

100

TREASURY DEPARTMENT.

COMPTROLLER'S OFFICE.

January 10th, 1859.

To the Governor of Maryland:

The following Report is submitted in compliance with the requirements of the Act of Assembly of 1852, chapter 56, sec. 1, and exhibits a complete statement of the funds and revenues of the State, and of the public expenditures during the fiscal year ending on the 30th September, 1858; specifies the amounts derivable and received from each source of revenue, and the purpose for which each expenditure was made; and shows the name, residence and official character of the persons from whom any arrearage may be due, with the amount so due from each defaulter.

RECEIPTS.

STATEMENT A, of the Appendix, shows the total receipts into the Treasury during the fiscal year to have been \$1,019,228.95.

There remained in the Treasury on the 30th of September, 1857, \$718,477.32, which added to the receipts of the year make an aggregate in the Treasury for the fiscal year of \$1,737,706.27.

By an examination of Statement A, of the Appendix, it will appear that of the receipts in 1858, the sum of \$845,-031.39 was received for revenue which accrued in that year, and \$173,197.56 was received on account of former years.

A comparison of the total receipts in the fiscal year 1858, with those of the preceding year, shows an excess in favor of 1857 to the amount of \$365,476 45; but the sum of \$275,-

770.23 was received in 1857, in liquidation of the State's claim against the Federal Government, and which is not to be included with the regular revenues of the Treasury: therefore, deducting this sum from the receipts of 1857, the difference between the receipts of the two years is reduced to \$89,706.22.

The falling off in the receipts from the Baltimore and Ohio Railroad, and the Susquehanna and Tidewater Canal Companies, is the principal cause of this difference, as will hereinafter more fully appear.

STATEMENT B exhibits the disbursements in the fiscal year, which amounted to \$1,295,598.26. This Statement also shows the balance in the Treasury at the close of the fiscal year to have been \$442,108.01, subject to the payment of certain charges therein stated, leaving a net remainder of \$138,641.94 to be applied to future demands.

STATEMENT C is an estimate of the probable receipts into the Treasury in the current fiscal year, (ending September 30th, 1859,) which are therein placed at the sum of \$1,049,500.00.

STATEMENT D will be found to contain an estimate of the probable demands upon the Treasury during the current fiscal year, the total of which is set down at \$955,894.00.

STATEMENT E is an account of "THE FUNDS," to wit: the *Free School Fund* and *Sinking Fund*.

A reference to this Statement will show the receipts in the fiscal year, on account of the Free School Fund, to have been \$74,284.40. Of these receipts, the sum of \$24,306.04 was received in payment of the twenty cents tax on the capital of the Banks; \$9,712.32 from dividends on Bank stock; \$530.16 from State 6 per cent. stock; \$34,069.36 from surplus revenue; \$2,000 surplus transferred of the appropriation for the education of the indigent Blind; and \$6,616.32 interest on the investment made by the Treasurer in obedience to the Act of Assembly of 1858, chapter 295.

The sum of \$20,987.63 remained in the Treasury on the 30th of September, 1858, to the credit of the said Fund,

which, added to the receipts of the year, makes an aggregate of \$95,252.03.

The disbursements, on the same account, for the same period, were \$71,384.25 ; and deducting the expenditures from the aggregate, there will appear to the credit of the Free School Fund, as of the 30th of September, 1858, \$23,867.76.

That portion of the School Fund which consists of Bank Stock and Cash belonging to the Counties is exhibited in STATEMENT G.

The Act of Assembly of 1858, chapter 295, before alluded to, authorised and directed the Treasurer "to have invested the sum of \$160,929.26, (the amount received from the General Government, in 1857, on account of the sum loaned upon the money advanced by this State to the United States during the last war with England,) in the bonds of a safe, or, in his discretion, in some safe and profitable bank or stocks, fund or funds." In pursuance of this law, the Treasurer purchased, at a cost of 90 per cent., \$60,500 of Park and Cumberland Railroad 6 per cent. coupon bonds, the interest upon which is payable semi-annually on the first of January and July ; at 93.41 per cent. \$55,240.30 of Baltimore City 6 per cent Water Stock, the interest upon which is payable semi-annually on the first of November and May ; and at 9 $\frac{1}{2}$ per cent. \$57,818.68 of Baltimore city 6 per cent. stock, interest payable semi-annually on the first of January and the first of July. This investment it is believed will prove a safe and productive one. The action of the Legislatures of 1815 and 1858 in thus encouraging common schools is worthy of approbation ; but, if the State had given, in so noble a cause, the *whole* amount received from the Federal Government it would have been impossible for her to have devoted it to a wiser purpose. Resolution 38, of 1825, appears to have contemplated the establishment of a *system* of Common Free Schools, and it should be a source of regret to every patriotic citizen of Maryland that so good an object has been so long delayed. Works of Internal Improvement are necessary to develop the energy and industry of a State, but every permanent advancement of

a Free People must have its foundation laid in an educated and enlightened constituency. Should a system of Common Schools be established in the present sound and reliable condition of the State finances, a portion of the surplus revenue could, with safety, be annually invested for the use of schools, and the interest upon it distributed to the Counties and the City of Baltimore on such basis as to the General Assembly might seem just and proper. Thus, in the course of years, without additional taxation, a fund might be accumulated which, added to that already existing, would be the pride and glory of the State, and a lasting benefit and blessing to her people.

The receipts on account of the Sinking Fund in the fiscal year, which ended the 30th of September, 1858, are manifested in *Statement E.* and appear to have been \$225,047.54; of which amount the sum of \$205,735.05 was the interest upon the stocks held by the State for the use and increment of the said Fund, and \$19,312.49 was surplus revenue transferred in accordance with section 1, chapter 360, of the Acts of Assembly of 1853. The sum of \$90,457.49 of these aggregate receipts was disbursed and invested for the use of the Fund; leaving uninvested and to its credit \$134,590.05.

The Sinking Fund, at the close of the preceding fiscal year, amounted to \$3,987,276.44, and it was increased during the year just closed to the sum of \$4,223,273.77.

STATEMENT F shows the character and amount of the stocks held by the Sinking Fund as of the 30th of September, 1858, and also the character and amount purchased for the use of the Sinking Fund from the 30th of September, 1857, to the 30th of September, 1858.

It will be observed that the purchase of stock for the Sinking Fund, has not been as extensive as in preceding years; this is owing to the scarcity of the stocks of the State in the market; and the Treasurer has found it absolutely impossible to purchase to any considerable extent, notwithstanding he has authorised the most liberal offers. This fact, though a high compliment to the credit of the State, has been unfavorable to the augmentation of the Sinking Fund.

Statement G exhibits the items and the several aggregate amounts, constituting the several funds therein mentioned, as of the 30th of September, 1858.

Statement H shows the assessed value of the Real and Personal property in this State, with the amount of levy made thereon for the year 1858. By this it will be seen that the aggregate sum of Assessments in the State amounts to \$255,447,588, an increase, compared with the preceding year, of \$3,782,798.

Baltimore City under an act passed at the last session of the Legislature, is about to complete a new assessment within her limits, which will probably show a large increase of both real and personal property, and especially of the latter. Should our present tax laws remain in force, equity will shortly require a new assessment for the entire State.

An account of the "State's Capital and Credits" as of the 30th of September, 1858, will be found in *Statement I*, from which it appears that they amount in the aggregate to \$22,884,512 94, of which only \$8,042,231 29 are productive.

Statement J is an account of the Funded Debt of the State, as of the 30th September, 1858, which appears to have been \$14,862,510 26.

DIRECT TAXES.

Table No. 1, of the Appendix, upon examination will show that the receipts for Direct Taxes in the fiscal year were \$245,215 99, of which amount \$98,793 55 accrued in 1858, and \$146,422 44 were received on account of previous years. By a comparison of the receipts for Direct Taxes, as exhibited in this *Table*, in connection with *Statement A*, with the receipts on the same account in the preceding year, an increase will be observed in the last fiscal year amounting to \$11,912 97 of which \$7,280 35 accrued in 1858.

This is a gratifying result, and is attributable to the general faithfulness of the Collectors, and also to the relief which the tax-payers have experienced from the financial difficulties to which allusion was made in the Comptroller's Report to the Legislature for the year 1857.

REVENUE FROM CLERKS OF COURTS.

Table No. 2, contains an account of the receipts, on various accounts, from Clerks of Courts during the fiscal year. Deducting the amount of receipts for excess of fees, \$1,643 33, (which were not received from Clerks,) the total receipts from these officers are found to have been \$278,530 55. In 1857 the total receipts from Clerks were \$256,512 09; showing a difference of \$22,018 46 in favor of 1858; but \$12,604 11 were received in the latter year on account of revenue which accrued before that year, and in 1857 the sum of \$682 38 only was received for revenue which accrued in previous years; consequently the revenue which accrued and was received from Clerks in 1858, exceeded that which accrued and was received in 1857, by the sum of \$10,023 73.

The Clerk of the Court of Common Pleas of Baltimore City paid into the Treasury during the fiscal year the large sum of \$173,840 50, the whole of which except \$1,570 43 was on account of Licenses.

It is only just to say that this officer has discharged his responsible trust faithfully and punctually.

The whole amount received for Licenses in the fiscal year 1858 is \$264,785 00, which shows an increase compared with the preceding year, \$211,811 75; and this has been the result, notwithstanding several hundred persons composing "A Liquor Dealers' Association," in the City of Baltimore, have refused to take out Licenses under the Act of 1858, contending that the said Act is unconstitutional, and have thus by their refusal lessened the receipts from this source to the extent of at least \$25,000.

These persons have been indicted in the Criminal Court of Baltimore City, and have removed their cases, or at least a number of them, to the Circuit Court for Baltimore County, where they are now pending. It is believed that the constitutionality of the law in question will be sustained; should the decision of the Court, however, be adverse to the State, the subject will be taken to the Court of Appeals for final adjudication.

The License Act of 1858 is in many respects a decided improvement upon all former laws on this subject; but in justice to the commercial interests of the State, the price of many of the grades of Licenses should be somewhat reduced, and it is the design of the Comptroller, in his next annual report, to call the attention of the Legislature more particularly to this subject, and to recommend such amendments as in his judgment will tend to perfect the Act of 1858.

The Clerks of Courts during the fiscal year 1858, have generally settled their accounts with this Department punctually.

The Clerk of the Superior Court of Baltimore City, is entitled to special commendation, for the very efficient manner in which he conducts the affairs of his office.

It is the duty of the Comptroller to report the Clerk of St. Mary's County in default for the whole amount of revenue which accrued in his hands from the first of June, to the first of December, 1857, and for the whole amount of revenue accrued to the first of June, 1858.

The late Clerk of Worcester county is in default for revenue accrued in his hands to the first of December, 1857. Notice of suit has been given.

The Clerk of the Circuit Court for Caroline county is also in default for a small balance due upon his return to the first of June, 1858.

The Comptroller was reluctantly compelled to withdraw the claims of the State against the late Clerk of the Circuit Court for Caroline county, from the State's Attorney for that county, on account of his neglect to institute suit according to instructions from this Department, and to solicit the Governor to appoint some other member of the Bar to represent the State in these cases. Accordingly the State's Attorney for Dorchester county has been appointed, and is now prosecuting these claims with zeal and ability.

REVENUE FROM REGISTERS OF WILLS.

These officers paid into the Treasury during the fiscal year \$54,306.96, which compared with the receipts on the same account in 1857, shows a decrease of \$14,570.32.

The Legislature at its session of January, 1858, passed an Act releasing the estate of Moses Sheppard, deceased, of Baltimore city, from the payment of the collateral tax. The property belonging to the estate was considerable, and it having been devised and bequeathed to the establishment of an Insane Asylum, the Legislature released the collateral tax upon it, which would have amounted to about \$15,000. This exemption reduced the return of the Register of Wills of Baltimore city, and will account for the falling off in the receipts from this class of officers.

It gives the Comptroller pleasure to state that the Registers of Wills have, for the most part, during the year just closed, made their returns and payments to this Department with promptness and regularity.

The Register of Wills for Caroline County is in default for revenue which accrued in his hands from the first of June to the first of November, 1857, and for a balance upon his return to the first of June, 1858.

The passage of a law requiring the Registers of Wills to make quarterly reports to this office, certified to and attested by the Judges of the Orphans' Court, would, it is believed, be an excellent provision. One of the objects in establishing the Comptroller's office was to make it a check upon the accounting officers of the State. This object is fully accomplished so far as the Clerks of Courts are concerned in the regulations for the issuing of licenses. There is no such check upon the Registers of Wills, for the duplicate receipts have proved utterly worthless, and the method proposed seems best adapted to answer the purpose desired. Their payments into the Treasury could be made as at present provided for.

EXCESS OF FEES.

The receipts in the fiscal year on this account under the provisions of the first section of the tenth Article of the Constitution, and chapter 444, of the Acts of the Assembly of 1853, amounted to \$1,643.33, being less than one-half the sum reported in 1857. Of the amount received the present State's Attorney of Baltimore City paid into the Treasury

\$1,433.33, and the late State's Attorney for the said City paid \$210, which sum was the remainder of fees due him from the City, and collected since the close of his official term.

The recommendation made to the Legislature in the Comptroller's last Report will be renewed in his next to that Honorable Body, and he is well satisfied that the passage of an Act such as was therein indicated would add much to the revenue arising from this source.

AUCTION DUTIES.

The receipts from the Auction Duties appear in *Table N^o. 4*, and amount, for the fiscal year, to \$14,121.73. In 1857, they were \$16,232 84. Under chapter 266 of 1853 the proceeds of these Duties are placed to the credit of the Mayor and City Council of Baltimore, to be expended in the deepening of a channel in the Chesapeake Bay and the Patapsco River below Fort McHenry. *Table No. 4*, of the Appendix, also shows the receipts from Auctioneers' Licenses, which amounted to \$6,950, exceeding the receipts in 1857, from the same source, \$1,950.

NORTHERN CENTRAL RAILWAY COMPANY.

This Company has faithfully met its obligations to the State in accordance with the requirements of chapter 260 of the Acts of Assembly of 1854. Its regular quarterly payments for the fiscal year amounted to \$90,000.

BALTIMORE AND OHIO RAILROAD COMPANY.

The State received from this Company during the fiscal year, on account of her portion of the receipts from passengers on the Washington Branch of the Road \$34,396.02. In 1857 the State received on the same account \$76,038.16.

The Company petitioned the Legislature at its last session to be released from the capitation tax on that portion of the Road which lies between *Baltimore City* and the *Relay*, but the Legislature refused to grant their petition. In making the first payment in 1858, the State's part of the receipts upon the portion of the Road before mentioned, was withheld, the *Treasurer of the Company* forwarding with his remittance

a resolution of the Board of Directors, in substance, denying the right of the State to the tax on that part of the Road. The Comptroller protested against this novel construction of a law under which a different course had been pursued from its passage, and notified the Company that a suit would be instituted should the determination, as announced by the Resolution of the Board of Directors, be adhered to. The Treasurer of the Company replied that the communication containing the remonstrance and protest would be laid before the Board of Finance at their next meeting. No action, however, appears to have been taken in regard to the subject for a considerable time. Information has, at length, reached this Office of a reconsideration by the Board of Directors of their former resolution, and payments, it is stated, will hereafter be made as heretofore.

The failure to receive this portion of the tax does not fully account for the falling off in the receipts from this Company during the year, but an explanation is found in the fact that the return for July, 1858, was not received until October, and is not therefore embraced in the receipts of the fiscal year.

Table No. 13 shows the dividends received from the Baltimore and Ohio Railroad, in the year, to have been \$49,500.

SUSQUEHANNA AND TIDE-WATER CANAL COMPANIES.

Table No. 17, of the Appendix, shows the amount of the indebtedness of these Companies to the State, on account of interest, and their payments during the fiscal year. The whole amount due from these Companies on the 30th of September 1858, was \$92,059 94, of which \$59,895 53 was on account of 1858, and \$32,164 41 was on account of 1857. The receipts from them during the same time were \$17,325. A payment of about an equal sum has been made since the close of the fiscal year, and does not therefore appear in the report. The Comptroller has urged the demands of the State upon these Companies, and has been assured through their Presi-

dent, that every possible exertion will be made to meet their obligations. The further action of this Department will depend upon the future conduct of these Companies.

TOBACCO INSPECTIONS.

The gross receipts from the State Tobacco Inspections in Baltimore for the fiscal year, as exhibited in *Table No. 6*, appear to have been \$70,798 02, and the expenses for the same time were for wages to laborers and incidental expenses, \$43,362 15, and for salaries of Inspectors, Clerks, and for nails, \$21,558 43, making the total expenses \$64,920 58, leaving the sum of \$5,877 44 to be applied to the payment of the interest of the Tobacco debt, &c.

In the year preceding the gross receipts were \$87,685 03, and the expenses were for wages to laborers and incidental expenses \$36,032 54, and for salaries of Inspectors, Clerks, and for nails \$21,225 83, making a total of \$57,258 37, and leaving the sum of \$30,426 66 applicable to the payment of the Tobacco debt, &c.

An Act of Assembly was passed in 1858, increasing the salaries of the Clerks in the Warehouses; but as there was no knowledge at this office of the design to pass such an act, the appropriation for the Tobacco Warehouses was set down at the usual figures, and hence the Comptroller could not allow to the Clerks the increase which the Legislature seemed to contemplate, lest the appropriation should be exceeded.

The sum of \$3,000 was appropriated by chapter 332, of 1858, "for the repairing and keeping in repair the State Tobacco Warehouses in the City of Baltimore." By this act it was made "the duty of the Comptroller, upon the application of any of the Tobacco Inspectors, to have such repairs made from time to time, as in his judgment may be necessary for the security and protection of the said houses." Repairs have been made in accordance with the provisions of this law, \$2,193 82 of the appropriation expended, and the Warehouses put in better condition than they have been for years.

GRAIN INSPECTIONS.

The law for the Inspection of Grain in the City of Baltimore, went into operation on the first of May 1858, and there was inspected, according to the returns of the Inspector General, from the third of May to the first of September, 135,285 bushels of wheat, and 212,190 bushels of corn and other grain. The gross receipts into the Treasury from the grain inspections for the same period were \$2,414 22, and the disbursements including the salaries of the Inspectors, the cost of Assistants, and weights and measures, amounted to \$1,368 56, leaving a nett balance of \$1,045 66 to the credit of the Grain Fund.

The Grain Inspection law is very imperfect, and almost insuperable difficulties have been encountered in carrying it into effect. The experience of another year will serve to expose its defects more clearly, and they will be presented to the consideration of the next General Assembly of the State.

FOREIGN INSURANCE COMPANIES.

Table No. 10 contains an account of the receipts from licenses to Agents of Insurance Companies not incorporated by this State, with the names of the agents and the several sums paid by each into the Treasury during the fiscal year. The aggregate amount received was \$8,300, being an increase as compared with 1857 of \$5,900. This increase is owing to the passage of the law recommended to the Legislature in the Comptroller's Report for 1857.

MISCELLANEOUS.

The receipts from the *Live Stock Scales* during the year were \$7,516 70, and will be found set forth in *Table No. 12*. The receipts from the same source in 1857 were \$6,394 35.

In the same *Table No. 12*, will also appear the receipts for the year from the *Hay Scales* in Baltimore. They amounted to \$737 12. In the year preceding they were \$863 84.

The examination of *Table No. 12*, will also show the receipts from the State Wharves during the fiscal year.

The sum of \$3,386 80 was returned to the Treasury from this source, being an increase compared with the receipts in 1857 on the same account, of \$2,842 85.

The receipts in 1857 were unusually small, owing to the repairs made by the State Wharfinger, and which the Comptroller felt himself obliged to authorise, in order to preserve the property, and he has again consented that a portion of the proceeds shall be used in repairing Pratt street wharf, upon the representation of the State Wharfinger, to the effect that the said Wharf is in such a condition as to require immediate attention.

It would be well for the Legislature to make an annual appropriation, so much thereof as might be necessary to be applied in keeping in repair the State's property in Baltimore, the repairs to be made at the discretion of the Comptroller upon the request of the officers in charge.

The entire receipts, from every source of revenue, should be as nearly as possible, without diminution, paid into the Treasury of the State, and the requisite expenditures be made by Legislative appropriations. By the adoption of this method the Tables of Receipts and Expenditures from this Department would explain themselves. The course indicated is alone consistent with the provisions of the Constitution relating to the Treasury Department. In conclusion, the Comptroller may be allowed to express the opinion that the financial condition of the State is sound and healthy, and the citizens of Maryland may look with pride upon their Commonwealth as she stands among her Federal sisters.

Respectfully submitted,

WM. HENRY PURNELL,

Comptroller.

APPENDIX.

1000

1970-71

APPENDIX.

STATEMENT A.

A Statement showing the Total Receipts into the Treasury, in the Fiscal Year ended 30th September, 1858, to have been \$1,019,228 95; which added to the balance in the Treasury, as of 30th of September, 1857, will make the aggregate in the Treasury, during the Fiscal Year, \$1,737,706 27.

There was received into the Treasury, in the year ended 30th September 1858, the sum of \$1,019.228.95, on the following accounts, viz:	
From Auction Duties, (See Table No. 4.).....	\$14,121 73
" Auctioneers' Licenses, (see Table No. 4.).....	6,950 00
" Baltimore and Ohio Railroad, for one-fifth of receipts from passengers on Washington Branch Road, on account, (see Table No. 5.)	34,396 02
" Baltimore and Ohio Railroad, for interest on Sterling Bonds, converted, (see Table No. 5.)	30,552 50
" Baltimore and Ohio Railroad, for interest on Dividend Bond No. 141, (see Table No. 5.)	600 00
" Bank Stock—for dividends, (see Table No. 13.)	37,766 36
" Excess of Fees over and above the sum limited by the Constitution, and under ch. 444, of 1853, (see Table No. 2.).....	1,643 33
" Fines and Forfeitures, (see Tables No. 2 & 16.)	3,447 84
" Direct Taxes, (see Table No. 1.).....	245,215 99
" Hay Scales in Baltimore, (see Table No. 12.)	737 12
" Interest on Personal Accounts, (see Table No. 1, 2, 3, 9, 16.).....	4,954 50
" Live Stock Scales in Baltimore, (see Table No. 12.).....	7,516 70
" The Land Office, (see Table No. 8.).....	1,199 87
" Licenses to Agents of Foreign Corporations, (see Table No. 10.).....	8,300 00
" Licenses from Clerks of Courts, (see Table No. 2.).....	264,735 06
" Maryland Consolidated Lotteries, (see Table No. 11.).....	51,000 00
" Northern Central Railway Company, (see Table No. 5.).....	90,000 00
" Road Stock—for Dividends, (see Table No. 13.)	50,235 00
" Susquehanna & Tide-Water Canal Companies, on account of interest, (see Table 5.)....	17,325 00
" State Tobacco Warehouses in Baltimore, (see Table No. 6.).....	27,435 87
" State Wharves, in Baltimore, (see Table No. 12.)	3,386 80
" Special Appropriations, [a re-payment,].....	26 99
" Executive Contingent Fund, [a re-payment,]..	9 00
Carried Forward.....
